

# LEGISLATURE SITTING PRETTY FOR THE LAST TWO DAYS OF SESSION

Worked With Such Dispatch Last Week That Only 61 Senate Bills Remain on the Calendar—Passage of the Omnibus Measure is the Most Important Piece of Work Left

(By The Associated Press)  
SPRINGFIELD, Ill., June 16.—"Sitting pretty" is the best description of the Illinois house of representatives as it awaits the two remaining days of the present session. When the members adjourned this afternoon until Monday morning there remained on the calendar only 61 senate bills.

The senators, most of whom went home last night, with a few remaining over for a perfunctory session this morning, also were optimistic as to the closing days on their side of the capitol's third floor. Tho they have more measures to dispose of than has the lower branch, they will not meet until Monday afternoon.

## HEADLESS CHINESE GOVERNMENT IS IN FACTIONAL FIGHT

Politicians are Fighting Over the Spoils of Office

(By The Associated Press)  
Peking, June 16.—The headless Chinese government is drifting into a factional fight over the spoils of office.

President Li Yuan-Hung, who fled to his home in the foreign quarters in Tientsin a few days ago with the Chihli militia at his heels still is in seclusion there.

Premier Chang, Shao-Tseng whose recent resignation President Li refused to accept is reported to have had offers from Tsoo Kun head of the Chihli party to meet him and discuss affairs. Chang's reply has not been made public.

Within the Chihli party which is generally credited with placing President Li in a plot to place Tsoo Kun in his place all is not harmony, according to reports. The bone of contention—the spoils of office—is said to have produced a split between the Paoing and Tientsin wings of the faction.

## COMMITTEE TO BE IN CONTINUOUS SESSION

(By The Associated Press)  
WASHINGTON, June 16.—The special senate committee appointed to investigate complaints against the veterans bureau will hold practically continuous sessions during October and November for detailed examination of reports of investigations now being made by a field force under John F. O'Ryan of New York. In making this announcement today Senator Reed, Republican, Pennsylvania chairman of the committee said there were more than 500 lawyers and nearly 300 doctors inquiring into complaints as to hospital facilities and other matters. The lawyers have been designated by presidents of the bar associations in the various states where inquiries are conducted. Senator Reed said and are serving without compensation. Their actual expenses are paid however.

## TO ERECT LARGE ELECTRIC PLANT

(By The Associated Press)  
ELKHART, Ind., June 16.—An electric power plant costing several million dollars and furnishing power for the entire St. Joseph Valley is to be erected on the St. Joseph river, between Elkhart and South Bend it was announced today by Thomas F. English vice-president and general manager of the Indiana and Michigan Electric Company. The Indiana and Michigan company is a subsidiary of the American Gas and Electric company.

## SCAFFOLDING FALLS; SEVERAL INJURED

(By The Associated Press)  
WICHITA FALLS, Texas, June 16.—One man died instantly, another received probably fatal injuries and eight others were hurt, none seriously when a scaffold on which they were working while a 55,000 barrel oil tank near Burke Burnett collapsed late today. The men were caught beneath the heavy timbers.

# CAMPAIGN STARTED BY DRYS TO UNSEAT N. Y. LEGISLATORS

Will Try to Elect Legislature in State to Pass Dry Law

(By The Associated Press)  
Cleveland, O., June 16.—The Anti-Saloon League of America has begun a campaign to unseat at the election next year the New York legislators that recently repealed that state's liquor enforcement code and put dry enforcement entirely up to federal national counsel for the Anti-Saloon League of America, said here tonight.

Claiming that the wets have shown they want the whole of their liquor back again—"not merely beer and wines"—Mr. Wheeler said that the repeal of the New York state act was the "first frank confession of their plan" and that war was on with the assemblymen who voted wet.

"We will call in all the federal officials possible and in the mean time canvassing every city and district in which a wet legislator resides and aim at his defeat," said Mr. Wheeler. "With a new dry legislature in office the enforcement code will go back on the books."

"We don't think the New York reverse is so nationally important as the wets would indicate," he declared. "We fought battles like that in Illinois, Wisconsin, Connecticut and Rhode Island and won them all. We would have won in New York if it had not been for political maneuvering."

Mr. Wheeler declared the New York action "places the prohibition question in the forefront of the most important issues of the presidential campaign."

## RUM RUNNERS CREATE REIGN OF TERROR IN NORTHERN WISCONSIN

Organization So Powerful It Cannot Be Brought to Justice

(By The Associated Press)  
SUPERIOR, Wis., June 11.—Holding the country residents in a grip of terror there exists in Douglas county a rum running so powerful that it cannot be brought to justice, members of the sheriff's force said today. So large is the ring that a whole regiment of officers could not round up the moonshiners in the county declared Sheriff W. A. Haygreen.

The existence of the anti-enforcement organization was brought to light today by an appeal by a farmer near here for protection of his life. A note of warning signed the "Moonshine League" received by the farmer a member of the organization accused him of "squealing" and warned him to leave the country at once on penalty of dire punishment.

Glimpses of a mysterious horse man regions where prohibition raids are planned have strengthened the chain of evidence that the ring is operating, say the officers.

This man always on guard, mounted on a black horse, notes the approach of the raiding party, and disappears in the woods. Shortly afterward two shots apparently a signal to his confederates ring out answered immediately by other shots in the vicinity. The shots the officers believe warn the moonshiners of their approach so that the stills may be concealed.

The geography of the county with its many lakes, rivers and stretches of wild forests aid the lawbreakers.

## PROHI OFFICERS CAPTURE LIQUOR

(By The Associated Press)  
BURLINGTON, Ia., June 16.—Federal prohibition officers assisted by Sheriffs of Wapello and Henry counties intercepted a planned exchange of sixty gallons of brandy at New London, 20 miles west of here tonight. One woman and two men were in the car that, according to the plans tipped off to the officers was to make the run from Burlington on the Mississippi to the inland country where it was to be transferred to an Ottumwa car and carried west. The automobile is held under confiscation proceedings and the owner has been bound over to the grand jury.

## MOROCCAN REBELS SUFFER HEAVY LOSSES

Madrid, June 6.—Mellila advices say that the rebel Moroccan tribesmen suffered heavily in the recent engagement at Tizi-azza. The losses being placed in reliable quarters as 600 Moroccans killed and more than one thousand wounded. The rebels are reported to have been scattered in all directions by the Spaniards, but new encounters have been announced.

# Chinese Interne's Romance Shattered

(By The Associated Press)  
NASHVILLE, Tenn., June 16.—Thomas Y. Ho, handsome Chinese interne at the city hospital here where he was fur-loughed from Northwestern university of Chicago has gone back to China, leaving only the broken blossoms of an international romance.

A hard-hearted board of hospital directors today dismissed the young Oriental interne and refused to sign his diploma after disclosures that he had wooed and actually won a city hospital nurse while at the same time he had in far-off China a wife and child.

Official notice of the contemplated marriage set for June 23, was first brought to the attention of the board by voluminous correspondence received by Secretary of State Hughes, at Washington, thru diplomatic channels. Ho had written his father, an aged Chinese tea and rice merchant of Australia, that he wished to marry the girl. A vigorous protest against the sacrilege followed in a message to the state department.

Confronted with the communication stated that Ho was already married the young interne protested his love for the Nashville nurse whose name was withheld and declared that he married only according to Chinese custom. He insisted that the ceremony be carried out.

Upon final refusal he left for Chicago from where he will return to the Orient.

As a result of the exposed romance, a ruling has been made here permanently barring all Orientals from interne service at the city hospital.

## ST. LOUIS MAN IS CHOSEN HEAD OF OPTIMIST CLUBS

International Organization Closed Sessions Yesterday

(By The Associated Press)  
CHATTANOOGA, June 16.—The closing session of the International Optimist Clubs here today adopted the recommendation of the committee that the organization join with other civic clubs in promoting the movement in behalf of delinquent boys. The convention floor was the scene of a wordy wrangle over the proposal to revise the constitution to such lengths as to almost halt the orderly progress of business. All amendments were finally voted down.

The following officers were elected:

President—James W. Chilton, St. Louis.

First vice-president—Chet Converse, Oklahoma City.

Second vice-president—George B. Wells, Toledo, Ohio.

Third vice-president—Arlington Woods, Springfield, Ill.

Fourth vice-president—Sam R. Reed, Chattanooga, Tenn.

Treasurer—Harry B. Lewis, Chicago.

District governors—William Henry Harrison, Hartford, Conn.; Cyrus Willmer, St. Louis; E. H. Wenzel, Milwaukee; H. B. Masseroul, Kansas City, Mo.; Dr. W. B. Hinkle, Peoria, Ill.; J. Nathan Elliott, Lexington, Ky.; Dr. Sterling J. Foster, Birmingham, Ala.; F. B. Veavch, Fort Worth, Texas; C. J. Paul, Seattle, Washington; Jack Martin, San Francisco, California.

Milwaukee was chosen as the next meeting place.

## SENATOR CAPPER TAKES OVER COMMONER LISTS

(By The Associated Press)  
TOPEKA, Kans., June 16.—Senator Arthur Capper today confirmed a report that his farm publications had taken over the mailing lists of the Commoner, William Jennings Bryan's paper, which recently ceased publication.

There were about 8,000 unexpired subscriptions in the Commoner and it was agreed that these should be filled by either the Capper Farmer or the "Household," said Senator Capper.

Under the agreement William Jennings Bryan is to contribute to the publications going to the former Commoner subscribers, but nothing over his signature is to be of a partisan nature, it was stated.

## GERMAN MINING DIRECTORS FINED

(By The Associated Press)  
BERLIN, June 16.—Five German mining directors were found guilty of refusing to deliver coal to the occupational authorities by a French court martial at Werden today, according to messages received here and were given sentences of five years imprisonment each and ordered to pay fines aggregating 1,431,000,000 marks, (about \$14,310,000).

The convicted men, none of whom were present at the trial each represented a different mine in the Ruhr.

## ATTORNEY IS SERIOUSLY INJURED

Mission, S. D., June 16.—Ralph Case, attorney of Washington, D. C., who is here in the interests of the Sioux Indians who are pushing a claim of \$750,000,000 against the United States for the occupation of the Black Hills region, was severely injured here today at a roundup when a bucking broncho crashed into the crowd of spectators. The frightened horse stepped on and kicked Mr. Case, causing deep gashes about the head and internal injuries. The attorney was taken to a hospital for treatment. He was unconscious early tonight.

## ONLY TREAT THAT M'GINNIS GAVE HIS WIFE WAS BEATING

Witness Says He Was Far From Being Loving Husband

(By The Associated Press)  
CHICAGO, June 16.—Michael McGinnis, city fireman for whose murder his wife Anna and her sister, Myra Ploch, are being tried, was not the home-loving affectionate husband the state attempted to picture him, the latter testified on the witness stand today.

Under cross-examination by Assistant States Attorney William A. Rittenhouse, Miss Ploch denied that McGinnis came home from work with gifts for his wife and "pampered" her. She also declared that McGinnis did not scrub the floors on Sundays.

"The only treat Mike ever gave Anna was to beat her until she was black and blue," she testified while her sister dressed in black sat nearby in the court room, showing no sign of hearing the evidence of her sister.

The defense of the sisters is that McGinnis was shot by Miss Ploch after he had choked her and his wife and threatened their lives. The state attempted to prove that the shot was fired after McGinnis learned of an affair between his wife and her sister and two youths, Francis Nee and Charles Schade boy being held as accessories before the fact.

## JOHN M'PARLAN, WELL KNOWN LABOR LEADER, DIES AT INDIANAPOLIS

Was Head of International Typographical Union

(By The Associated Press)  
Indianapolis, June 16.—John McParlan, president of the International Typographical Union and a well known labor leader, died here today of heart trouble, brought on by a severe attack of influenza. He was 55 years old and his home was in New York City.

Mr. McParlan was born in Talbot, Australia, January 6, 1868. He came to the United States in 1888 and later located in Chicago, where he first gained prominence as a union leader. He became a citizen of the United States in 1898.

Mr. McParlan was the first president of the Illinois State Typographical Union, serving two terms. He has been serving his second term as president of the International Union.

Death due to heart trouble following an attack of influenza.

## PRESENT KING LEAR AT YALE UNIVERSITY

(By The Associated Press)  
NEW HAVEN, Conn., June 16.—The 222nd commencement at Yale University which began tonight with the presentation of "King Lear" on the college campus by the Dramatic Association marks the 15th anniversary of the graduation of Nathan Hale, patriotic spy of the American Revolution. In recognition of this event there will be a guard of honor at the Nathan Hale statue in front of Old Connecticut Hall on the college campus on baccalaureate Sunday and on commencement day.

## THREE KILLED AT GRADE CROSSING

(By The Associated Press)  
HOBART, Ind., June 16.—Three persons were killed and one seriously injured when the automobile in which they were riding was struck by a Pennsylvania passenger train near here today. The dead are:

Mrs. John Clark, her sister and baby.

Gerald Clark, Mrs. Clark's son and driver of the car is in a hospital here.

# MAN SAYS HE WAS AN EYE WITNESS TO BURIAL OF STUDENT

Assistant State's Attorney (Will Investigate Statement

(By The Associated Press)  
CHICAGO, June 16.—Assistant State's Attorney Charles S. Wharton left Chicago tonight for Clifton, Ariz., to investigate the report of B. H. Row that he was an eye witness to what police believe was the burial of Leighton Mount, Northwestern university student under a pier in Evans-ton.

Row reported to State's Attorney Robert E. Crowe in a message here today that he saw four boys lower a body into the rock-filled interior of a pier in Evans-ton the night Mount disappeared after a class rush and several others with funny looking caps were standing about. He could identify at least four of them he said.

This message coming shortly after a coroner's jury had found that Mount "came to his death at the hands of some person or persons unknown" and a grand jury had investigated the mysterious disappearance of the student without results is believed by members of the state's attorney's office to be one of the strongest clues unearthed since the investigation was started after a skeleton, believed to be that of Mount was found under a pier several weeks ago.

"We traced Row to Arizona," Wharton said before he left, "and told authorities to communicate with him and have him tell the state's attorney's office whether he knew anything about the Mount case. The message today was our first response."

"His statement that he can identify at least four persons involved would make it appear he was an eye witness to the death or burial of Mount."

Row was not a student at Northwestern but a visitor in Evanston at the time, he said, adding that he did not know he was wanted in the Mount case until informed by the local sheriff.

State's Attorney Crowe said the case will be re-opened if Row's story stands up under investigation.

## FRENCH WAR VET ARRESTED, SET FREE

(By The Associated Press)  
CHICAGO, June 16.—Because he came to Chicago several months ago posed as a special representative of the French government decorated three prominent citizens "for service to LaBelle France" at a banquet in the Blackstone Hotel E. A. Boismere, a gassed and wounded doughboy veteran of the Argonne today was arrested by federal officers, taken before James R. Glass and then released at the request of the French consul "to save embarrassment all around."

Boismere several months ago, according to federal officers who arrested him, began arrangements here for the conferring of medals on two prominent officers of the American Protective League of this city and a prominent New Yorker.

## APPOINTMENT OF L. P. OWEN CONFIRMED

(By The Associated Press)  
BLOOMINGTON, Ill., June 16.—Appointment of Percy Owen, Springfield, as state adjutant of the American Legion was confirmed by the legion executive committee in session here today. William O. Setliff's resignation as adjutant was accepted and commendatory resolutions passed on his services. Commander Shick's ideas of Americanization advocating that foreign-born be instructed in citizenship were endorsed. Commanders and adjutants of Illinois posts assemble here tomorrow morning.

## WILL SPEAK AT BELLEAU WOOD

(By The Associated Press)

Former Major General Harbord, who was General Pershing's chief of staff overseas also will be a speaker at the exercises.

Decatur, Ill., June 16.—President L. J. Wylie of the Decatur Fans' Association has announced the securing of pitcher Glenn Harle from the Shevport club of the Texas League. He will join the Commies Sunday.

# BRITISH EMPIRE AND UNITED STATES MUST JOIN HANDS—BALDWIN

England's Prime Minister Emphasizes This Need at Annual Dinner of Rhodes Scholarship Trust—Says That the Whole World Looks to These Countries for Salvation

(By The Associated Press)  
OXFORD, June 16.—Responding to the toast "The British Empire and the United States" at the annual dinner of the Rhodes Scholarship trust tonight, the prime minister, Stanley Baldwin, emphasized the need of Great Britain and America joining hands where justice called them throughout the world.

"We see the seventeen centuries old civilization of Western Europe cracking today," he said, "and the whole world consciously or unconsciously is looking for salvation to the British Empire and the United States."

"If there is building up to do in the world," continued the premier, "it is we in the long run who will have to do it and men whose task that will be will need the courage of a Pitt, the faith of a Lincoln."

Nicholas Murray Butler, president of Columbia University responded for the United States. He said these men would be faced by perplexing and far reaching problems that could not be solved by cynics or pessimists but could only be solved in the spirit of youth by those with faith in man and his ideals.

Lord Lovatt, presided and there were 124 Americans among the 280 Rhodes Scholars present.

## LAWS FOR WOMEN ARE PRAISED BY JUDGE BEN LINDSEY

Will Place Colorado in Forefront of States He Says

(By The Associated Press)  
DENVER, Colo., June 16.—In a statement here tonight in connection with the four new laws for women and children passed by the last Colorado legislature and effective next Monday, Judge Ben B. Lindsey of Denver's juvenile court, "father" of the laws—that providing for state financial aid for married or unmarried mothers six months before or after the birth of a child—"opens a way to do more for women and babies than any state has ever done before."

"The law," declared Judge Lindsey, "is an important step towards an acceptance of that duty of the state to guarantee that no child shall suffer because of the sin, ignorance, or the poverty of the parent."

"During the first year of their lives, it is generally admitted 300,000 babies die in this country," said Judge Lindsey. "There also die annually more mothers of these children than there were American soldiers killed during the World War. A soldier in the trenches was safer than a baby in the slums."

"It is admitted these casualties of peace—greater than those of war—are due to preventable causes. We have done much for the suffering of soldiers but comparatively little for these suffering imperiled babies and women. And there can be no soldiers, no defense for any imperiled state without these women and babies."

## HORSES PUT ON SPECIAL STUNT

(By The Associated Press)  
NEW YORK, June 16.—A event not down on the program furnished the thrills to the city's second silver jubilee parade today when a team of horses drawing a prairie schooner ran away on Broadway thru Times Square crowds and crashed thru a plate glass window at the Hotel Astor. The driver clung to the reins and was cut by flying glass. The horses also were slightly injured. After the excitement had died down the parade depicting New York's industrial growth in 25 years continued. Fifteen thousand persons marched behind the music of fifty bands and 200 floats were in line.

## WOMAN EXONERATED IN CALHOUN DEATH

Chicago, June 16.—William J. Calhoun, South Side real estate dealer who died in a police cell last Monday morning, died of injuries caused when he was run over by an automobile, a coroners jury declared today.

The jury also found that Mrs. Anna Wentzel, held on the charge of manslaughter was not responsible for Calhoun's death. Similar findings were returned in regard to Robert Hollenbeck and Mrs. Wentzel's daughter, Madeline, who had been held under bonds.

# MOST LIQUOR NOW BEING SOLD MADE IN CITY LIMITS

Yellowly Says Chicago Liquor Mostly Home Made

(By The Associated Press)  
CHICAGO, June 16.—Approximately 90 per cent of all the liquor being sold in Chicago is being made within the limits of the city, E. C. Yellowley, chief general agent of the Prohibition department at Washington declared today. Mr. Yellowley came to Chicago after spending several days at Detroit where he reviewed the liquor smuggling situation.

Chief Yellowley expressed satisfaction with the condition of the local prohibition office and said that everybody here is working in perfect harmony. He refused to commit himself on the liquor situation in Chicago, admitting that that liquor is being made here and that possibly some is being smuggled into Chicago from cities bordering the Canadian line.

"There is nothing sensational to my plan for the enforcement of the Volstead act," Mr. Yellowley said in answer to a question concerning his plans of enforcement. "I also conduct my campaigns along a safe and sane avenue and the method of procedure that has characterized my enforcement during the past will be the method used in the future, unless it is shown to be impractical."

## EXTRAORDINARY SOCIALIST CONGRESS

Brussels, June 16.—An extraordinary congress of Socialists held here today adopted a resolution expressing opposition to any government advocating fourteen months military service, which is a part of Premier Theunis' program as menacing the present social and trade union laws. The congress also approved a policy of direct action and seizure of the government by the workers.

**FOOLS**

By Berton Braley

THE wise men said, "Why, the world is flat!  
Our fathers' fathers have taught us that;  
And all experience goes to show  
That what our fathers have said is so.  
It's only the fools who would dare allege  
That one could sail o'er the ocean's edge."  
But the fools—the fools!—let the toxin sound it—  
Sailed to the blue-sky's edge—and 'round it.

THE wise men said, "It is all a dream,  
That anything can be done with steam."  
The wise men said, "He's a fool for fair,  
Who thinks we shall ever ride the air."  
But the fools believed, and the fools held true  
To their foolishness, till they saw it through;  
And a fool must follow his natural bent—  
So now we swoop through the firmament.

THE fools, the fools! how they loom in sight,  
Galileo, Columbus, Wright,  
Watts and Stephenson—pioneers  
Conquering nature, charting spheres!  
And ever the wise men—learning naught,  
Jeered the aims and the ends they sought,  
In the teeth of all the creeds and schools,  
Man is led to the heights—by Fools!

A great director recently said that there could be no absolutely "sure-fire" picture successes. But he added that the nearest approach to the 100 per cent success was to be had by taking the greatest success of the most popular story writer, put it in the hands of a great director and give him absolute freedom to make a picture with as fine a cast as can be obtained.

That, I think, is what has been done in the filming of Bertha M. Clay's immortal love story, "Thorns and Orange Blossoms." If you are interested in better pictures, you will surely welcome this production.

The Thing You Shouldn't Do

Many people—most people, in fact—do this thing. But they shouldn't. Some know they shouldn't do it, but they go right on doing it just the same.

This, then, is a warning; also a better way.

The thing you shouldn't do is this: You shouldn't wash your teeth and rinse your mouth out in the lavatory in which you wash your face and hands.

To do this is to flirt with disease. That which is brushed off the teeth and rinsed into the lavatory bowl is a mass of germs. To follow a rinsing with a washing of face and hands is likely to carry some of the germs onto delicate parts of the skin and into the eyes.

A better way is to have a dental lavatory in your bathroom. The space it occupies is small; it is convenient; it is a safety first fixture.

### MISS CATLIN GOES TO DAYTON POST

Well Known Jacksonville Woman Soon to Take Up Psychiatric Social Service Work in Ohio City.

Friends of Miss Lucy Catlin will be interested in knowing that she has just been appointed to the post of psychiatric social worker at the State hospital at Dayton, O. Along with the duties of the position will be similar ones in a mental hygiene clinic which is to be held in Dayton thru the co-operation of all the social service agencies of the city.

The work in both is just being started and Miss Catlin's duties in the beginning will be along organization lines. The national committee on mental hygiene is extending its work and the Dayton movement is the development of the national committee work.

Psychiatric social service is now of recognized practical value in connection with juvenile courts and such service is now maintained in St. Louis and a number of other cities.

Miss Catlin finished a course in psychiatric training at Norbury sanatorium several years ago, and after further hospital experience served for a period of years as social service worker at Jacksonville State hospital.

Still more recently she has been engaged in study and her recent degree from Illinois college was based upon special lines relating to psychology and sociology.

There will be further interest to Miss Catlin's friends in knowing that after making some special study of short story writing her work is having recognition. A recent issue of the "Caveat," published at St. Louis, has a very interesting story, "Pie a la Mode," from her pen. "Caveat," by the way, is a magazine published by the Caveat Publishing Co., purposing in addition to fiction to present an entirely unprejudiced discussion of public questions.

### WHITE HALL BANK HAS FIRST ANNIVERSARY

People's First National Bank Observes Anniversary Friday—F. V. Pearce Hugs Large Band—Other White Hall News

White Hall, June 16.—The first anniversary of the Consolidated People's First National Bank was observed Friday, and is being continued through today. The registration of visitors was under the direction of Mrs. George North, Mrs. H. O. Tunison and Mrs. T. N. Rose. Each depositor was presented with a birthday cake and a carnation.

The floral decorations were elaborate, and were provided and placed by A. J. Harding, "the telephone florist." This one feature gave an attractiveness that put the event way over into the successful column.

The decorations included a huge birthday cake illuminated by one candle, a replica of the cakes given away. The absence of Guy Lowenstein, cashier, was on account of being confined at home by illness but he made the following statement.

"The People's Bank was White Hall's oldest bank and the First National Bank was rounding out its nineteenth year when, twelve months ago this June, they combined under our present title. You understand this really makes us rather old, but we are celebrating our first birthday under our new name in real birthday style, something that goes with birthday parties."

### Pearce in Band of 1200.

A card from F. V. Pearce, dated Cleveland June 13th, gives a review of the Cleveland public hall, and says: "We played in this immense auditorium last night with a mass band of 1200 men, and will return to Mount Morris from Cleveland." The public hall is one of Cleveland's public plan buildings, 213 feet by 590 feet. It has an auditorium and stage seating 12,000 people, a concert hall of 2750 seats. A large ball room and numerous smaller convention halls. It is the largest convention and exposition hall in the world.

Mr. Pearce is connected with the Kable Bros printing concern at Mount Morris, Ill., which employs some 500 people and prints 150 periodicals regularly. He has returned to Mount Morris to supervise the issue of the pamphlet entitled "We played in this hall with a mass band of 1200 men, and will return to Mount Morris from Cleveland." It is the largest convention and exposition hall in the world.

Burlington railroad civil engineers have made a survey of the subway for the state hard road leading north from White Hall.

Mrs. Addie Edwards is back from Bristol, Okla., to spend the summer.

A permanent assignment has finally been made at the interlocking plant to fill the place made vacant by the resignation of R. B. Pearce. The place was first assigned to J. H. McCance of Jerseyville, and the assignment was contested by an older operator. Then it went to T. P. ## LEGISLATIVE NOTES

SPRINGFIELD, June 16.—Friends close to the state administration declared that the reduction of the appropriation for the Illinois National guard "was just like taking its life blood." In reducing items in the omnibus bill \$103,400 was cut from the military, reducing the appropriation to \$1,100,000.

It was pointed out that the guard has been increased 100 per cent in personnel since the last legislature, and that the appropriation sought was an increase only of 10 per cent.

Representative Leo O'Neill of Brownsville, described the legislative attitude on appropriations as "scrambled condition of violent economy and profligate extravagance," and he referred to the senate action and the omnibus bill as an "aimless, wild, senseless milling around, which amounted to little less than a circus."

Representative Reed F. Cutler of Lewistown, would prefer not to be in the legislature if he can't vote the way he wants to. In debating the question of raising the salaries of supreme court

## Sports Apparel Continues to Present New Features

(By JULIA BOTTOMLEY)

The most interesting new style features in sports apparel appear in jackets and blouses of printed fabrics and in cape-and-dress suits. The wrap-to-match idea was sure to be seized upon by designers of sports clothes because the materials fashionable this season, for informal wear, lend themselves so well to it. There are many rough-surfaced goods of cotton or fiber silk, in cheerful colorings, that bring about delightful results in clothes for out-dooring.

Heavy crepes and knitted weaves in fiber silk account for such handsome outfits as that which appears in the cape-suit illustrated. A high collar with white, beige or gray background and patterns either figured or striped, are used and are about equally successful. In the

suit shown here the plaided, straight-line dress has side panels and sleeves to match the cape and the cape in turn is bordered with a fold of the plain material and fastened with ties made of it. The girdle is also made of the crepe.

Among the smart jackets and blouses to be worn with plaided skirts in white or plain colors, there appear cotton ratine, English prints, sponge, linen and flannel. Colored linen coats embroidered with white soutache braid divide honors with plain flannel jackets and prints that reveal unusual designs—including Egyptian figures—and beautiful colorings. All have collars and they tie either at the neck or at the side or fasten with small buttons at the top and bottom.

## BRIEFS

(By The Associated Press)

Chicago, June 16.—Income taxes for the second quarter received from June 1, to 15, in the Chicago district totaled \$25,036,744.01. Mrs. Mable G. Reinecke, collector of internal revenue announced today. She said delinquent payments will approximate 10,000,000.

Berlin, June 16.—The following telegram, signed by Herr Glismeyer, director of children's relief at Dortmund was received here today:

"By the occupation of the station at the city of Dortmund, Bochum is without milk and most necessary foodstuffs. Is there any help possible from the United States or England?"

St. Louis, June 16.—The first of the Goltra barges will be put in operation next Monday. It was announced today, following the supreme court yesterday permitting the government barge service to use the 19 barges and four tow boats until pending litigation for control of the fleet is decided. The boats have been tied up here since the government seized them several months ago for alleged violation of contract by Edward F. Goltra, lessee.

Asheville, N. C. June 16.—Portland, Ore., won the 1925 biennial convention of the National Federation of Music clubs at the closing business session of the 1923 convention here today.

Washington, June 16.—Dr. R. O. Matthews of Toledo, Ohio resigned today as special assistant to Prohibition Commissioner Haynes to become president of Lincoln University, Cumberland Gap, Tenn. He will be succeeded by William Walker of Holshoro, Ohio.

Topeka, Kans. June 16.—Territorializing the town of Circleville, 40 miles northeast of Topeka, for fully an hour, early today, holding the citizens at bay and shooting into homes in which lights appeared, a gang of bandits blew open the safe of the Farmers State bank of Circleville and escaped in an automobile. Bank officials report the robbers got \$2,500 in cash and liberty bonds worth \$2,500.

New York, June 16.—The actual condition of clearing house banks and trust companies for the week shows an excess in reserve of \$24,368,530. This is an increase of \$30,191,450.

Peoria, Ill., June 16.—A reward of \$500 has now been offered for the information that will return the young daughter, Wilma, of Mr. and Mrs. Henry Hughes. Peter Gorayeb, alias Pete Peters, who is held under \$2,000 bond for the abduction of

the girl, offered the reward after a conference with Justice of the Peace Frank Ford last night. Nothing new has developed in the case since yesterday, as to the whereabouts of the girl.

## DISABLED VETERANS TO OWN MINNEAPOLIS

Minneapolis, (AP)—Like the many towns on the French battle front which capitulated during the war, Minneapolis will literally "surrender" itself to the 10,000 disabled veterans who will attend the annual convention of the Disabled American Veterans of the World War in this city June 25 to 29.

"The disabled service men will 'own the town' during their stay," says Mayor George E. Leach, himself a disabled service man who led the 1st Field Artillery. On the opening day, Monday, June 25, St. Paul is given the honor of entertaining the visitors.

"Tomorrow a mammoth parade will be staged in Minneapolis. The veterans will march, but is estimated that about 40 per cent of the veterans will have to be taken in automobiles, due to their disabilities.

A tour around the city and Lake Minnetonka with the Minneapolis chapter of the disabled veterans' organization as host, is scheduled for Wednesday. Thursday evening is set aside for the grand formal ball, the premier social event of the meetings.

A summer Mardi Gras festival, with fireworks and vaudeville entertainment will share honors with the public dance at the huge Armory here for the final entertainment on the closing day, Friday.

WYOMING MAY SUPPLY UTAH WITH NATURAL GAS Salt Lake City.—Natural gas for Salt Lake City and Ogden from a newly discovered field in western Wyoming is being considered here. One well drilled recently is said to have a capacity of 80,000,000 cubic feet of gas a day and this amount experts point out, is greatly in excess of what would be used by Salt Lake and Ogden even should natural gas displace coal for heating purposes.

Manufactured gas in Salt Lake City at present costs about \$1.52 per thousand cubic feet, and it is claimed the natural gas could be piped in and sold for much under this amount. The new natural gas field in Wyoming is said to be practically inexhaustible and it is proposed to construct a pipe line of about 200 miles.

The custodian of the state arsenal had his salary cut from \$4,000 a year to \$2,500 because his superior, the assistant quartermaster, gets only \$1,500.

M. G. and S. W. Neighbor were local visitors from Scottville Saturday.

## POWER INDUSTRY FACES A YEAR OF GREAT PROGRESS

CHICAGO, (By A. P.)—The sum of \$602,143,000 represents the total of new generating plants, additions to existing plants, and extension of transmission and distribution systems of the electric light and power industry of this country to be built this year, according to a survey just completed and announced by the Illinois Committee on Public Utility Information.

The expansion of the industry in the Middle West is expected far to exceed that of any other section of the United States, as building programs in the Central West call for expenditures aggregating more than one-third of the total for the entire country.

The total value is \$278,127,000 greater than the estimated expenditures in 1922, and \$387,325,000 greater than the 1921 expenditures.

The building plans in the central states of Illinois, Indiana, Ohio, Michigan, Wisconsin, Minnesota, Iowa, Missouri, North Dakota, South Dakota, Nebraska and Kansas call for an expenditure of \$206,180,000. Of this 45.2 per cent will be expended for extensions of transmission and distributing systems and 54.8 per cent, representing new, and additions, to generating plants.

## INDIAN PRINCE LESSENS TAXATION

Chicago, June 16.—Prince Ali Sadou of India, lessened the burden of taxation in Chicago by \$5 today when he was fined that amount for violating the city parking ordinance. Ignorance of American laws was pleaded by Prince Ali as his excuse for parking his automobile in a downtown street while a woman companion posed for a picture in a nearby studio.

## APPEAL TO POPE ON RUHR SITUATION

Cologne, June 16.—The association of Catholic official associates has appealed to the pope, asking that His Holiness help in calling attention to the deportations from the Ruhr of officials who have remained loyal to the German government.

## CLAIM FRENCH ARE STARVING GERMANS

(By The Associated Press)

BERLIN, June 16.—Starvation of the rural populace thru more stringent traffic regulations is being attempted by the French, according to a number of special dispatches appearing in Berlin newspapers tonight in order to bring Germany to her knees.

The correspondents in the Ruhr who sent the dispatches express the conviction that the hunger blockade being inaugurated is designed to make the people either start an insurrection or appeal to

the Berlin government to submit to the French terms for negotiations and abandon the passive resistance campaign. It is generally agreed that these measures will strengthen the peoples' spirit of resistance.

Die Zeit declares a French patrol at the Dortmund central railway station is refusing to permit milk and food stuffs to be unloaded from trains and that other disturbing operations are seriously crippled. The potato and meat shortage is reported to be especially acute at Gelsenkirchen.

Miss Dorothea Sargent of Franklin was a city shopper Saturday.

## MR. SCOTT'S WILL FILED

The will of the late Jonathan Scott of Franklin has been made a matter of record in the office of County Clerk G. L. Riggs. The testator bequeathed a life insurance policy of \$2,000 to his wife, Mrs. Lavinia C. Scott, and she is given a life estate in the remainder of the property. Subsequent to the death of Mrs. Scott the property is to be divided equally among the three children.

The will which was made Feb. 18, 1920, named S. H. McDevitt as executor. The signature was witnessed by Judge M. T. Layman, L. A. Berryman and Henry J. Rodgers.

## MERRITT BAND WILL GIVE BIG CONCERT

Free Concert at Merritt Tuesday—All Handsmen Invited

Merritt Band will give a big free concert at Merritt next Tuesday evening. Refreshments will be sold to get money to add to the band library. The concert, which will have a judicious division of the martial and classic numbers, will be held outdoors under the stars, weather permitting.

Director Harvey of the band wishes to extend an invitation to all handsmen to come, bringing their instruments, and play with the band. He states that the wishes to have good feelings among all handsmen and believes in showing it.

The Merritt Band now has thirty pieces and all who go to the concert will feel amply repaid for the time spent as the band has been doing good work.

## BAGDAD RAILWAY REPAIRS WILL EXCEED \$25,000,000

LONDON. (By A. P.)—The recent sale to British financiers of the Anatolian section of the Bagdad Railway and its branches to Angora and Konia is one of the biggest commercial deals in recent years.

The syndicate headed by Baron Rothschild, Baron Schroder, Baring and Company and Lloyds bank which purchased the holdings from the Bank des Chemins des Lignes Orientales will immediately advance \$25,000,000 to start rebuilding of the lines. Under the agreement with the bank the British promoters must not only supply the capital to rebuild a great part of the 900 miles of the Anatolia railway destroyed by the Greek retreat, but also must build more than 1,200 miles of new lines required by its original concession, notably the Berlin to Bagdad line.

The total investment will be much more than \$25,000,000. In British circles the concessions granted by the Angora Government to Colby M. Chester, a retired American Rear-Admiral, are characterized as a fanciful dream in comparison with the acquisition of the British promoters.

LEHIGH FINDS METHOD TO PLAY BASEBALL IN PEACE Bethlehem, Pa.—A solution of how to keep the "kids" quite at baseball and lacrosse games has been found at Lehigh University. The boys are put on their honor.

Any Bethlehem boy may see Lehigh games free on condition that he sits in a section of the grandstand especially reserved, and obeys the rules. They have a cheering section of their own and are led by a Lehigh student cheerleader. No longer do they disturb the play by "razzing" visiting teams and shouting "kill the umpire." Nowadays they even have cleanly washed faces and hands.

CONSIDER PRINTING "ADS" ON INCOME TAX FORMS

LONDON.—Chill penny may represent many a noble rage, but in the case of the heads of the various government departments of England, it has brought forth a decided show of genius in the art of raising and saving money. It is now proposed by the chancellor to sell space on income tax forms and other government papers for advertisement purposes.

It is claimed that about \$2,500,000 can be raised in this manner.

## SAVAGE DEEDS IN HAWAII

Almost Unbelievable Atrocities Followed the Death of a Man the Islanders Ranked Highly.

Death was a catastrophe that was made the occasion of a great demonstration among the Hawaiian people, even within the last century. In private families this varied in character from the head of the household down to the humblest member. When, however, a prominent person died, the ceremonies were barbarous in the extreme. A chief's immediate followers, as well as many of his serfs, shaved their heads or cut the hair short, which was a tremendous sacrifice, and they knocked out some of their front teeth. Often these devoted people tattooed their tongues somewhat in the same fashion as it was customary to do on other parts of the body. All this was done to keep alive the memory of the dead chief. It was also a custom to bury alive some of the retainers around the tomb.

When a very high rank chieftain died, men and women, old and young, priest and laity, acted like those possessed with devils. Property was wantonly destroyed, and dwellings fired merely to add to the confusion, while gambling, theft and murder were openly committed. No women, except the widows of the deceased, were exempt from the grossest violation, and in their state of mental intoxication, women made no effort to protect themselves.

ROOM OF BLACK MEMORY

Wholesale Murders Committed in Chamber in What is Believed Oldest Inn in England.

The oldest inn in England is believed to be a certain hostelry at Colnbrook, Buckinghamshire. This place has a very black history, for here, many years ago, 60 murders were perpetrated by the landlord and his wife before the crimes were discovered.

In this gloomy abode there is, on the first floor, a large room known as the "Blue Room." Formerly it contained an innocent-looking bed in which quite a number of persons slept their last sleep. The part of the floor on which the bed rested was really a hinged trap-door fixed above the brewhouse's boiling vat.

Guests who were known to be wealthy always slept in the Blue Room. When the innkeeper had made sure that the guest was asleep, the trap-door bolts were drawn, and the unfortunate man tumbled into the vat.

The last victim was Thomas Cole, a clothier of Reading, who had three escapes before finally meeting his death. Once he was taken ill before reaching the inn, and so slept elsewhere; a second time he was in a hurry to get to London, and consequently drove straight on; while on another occasion when he stayed at the inn in the Blue Room was occupied by someone else. But at last his time came, and his body was later found in a brook.

Cool-Headed Little Girl.

The coolest act I ever saw, says Mr. Rex Stuart, a railway engineer, in the American Magazine, was some months ago on the run between New York and Albany. We were a little late and were traveling fast when I saw two little girls on the track straight ahead. A freight was coming north on the opposite track. One of the girls saw the danger and jumped clear. The other was caught.

There is only six feet between the rails of the two tracks, and she was trapped in there. She turned sideways, then put her hands straight down at her sides, shut her eyes and stood perfectly still. I looked back after we hit the curve, and she was still standing there as stiff as a poker, waiting for the trains to pass. Of course, it would have been better if she had dropped flat on the ground, but she scarcely had time to do that. It was a very cool-headed deed as it was.

Another "Porterhouse" Story.

One of the most popular and widely known eating houses in southern Ireland at the time the corn laws and tithes in Ireland ran out along about 1830, was the "Two Pot House" in Cork. That meant that one could get potatoes and bread and butter and two pots of porter, together with getting one's steak cooked, for one shilling (or 25 cents).

The custom was for the wayfarer to Cork to buy a steak at some place en route and bring it with him to the "Two Pot House." Thus after a time it became the designation for the meal of porter and steak, and subsequently a porterhouse steak—meaning a steak of one's own at the porter house.

Thus, goes one of the numerous stories of its origin, came the term "porterhouse steak."

Combating Pinyon Jays.

Pinyon jays, inhabiting Rocky mountain states, are birds of the same family as crows and about half their size. Between nesting seasons they rove in large flocks, often containing hundreds of birds, and cause serious damage to grain crops. Successful experiments in methods of control of these birds when attacking corn were made by the biological survey of the United States Department of Agriculture in west-central Colorado, and a leaflet containing directions for using a simple but effective poison formula has been distributed in that territory. During the wheat harvest control measures are not so successful, and in large fields, where the birds can find ample food, the use of poisoned baits is not found profitable.

Still Looking for It.

Minister (to deacon)—Then you don't think I practice what I preach.

Deacon—No, sir, I don't. You've been preachin' on the subject of resignation for two years, an' you haven't resigned yet.

## FRENCH DEMAND MOTORS THAT ECONOMIZE ON GASOLINE

Paris, (AP)—France is 10 or 12 years behind the United States in automobile production, is the conclusion of Andre Citroen, sometimes described as the Henry Ford of France, upon his return from America after making a comparative study of manufacturing in the two countries.

"In France," said M. Citroen, "we haven't mass production of automobiles yet because of a more limited market. There are 12,000,000 cars in the United States is a very big market, whereas in France we have 300,000 cars, with, say, 75,000 customers, each one of which buys a new car every three or four years."

"The chief difference in French and American cars," said

M. Citroen, "is that of style. The French like a graceful, light machine, burning relatively little gas. The automobile is still something of a luxury with the average Frenchman. Consider, there are only 30,000 in a big place like Paris of which 12,000 are private, 2,000 on hire and the rest trucks."

"I was amused," said M. Citroen, "at the reception given the two sets of cars I took with me. I thought my caterpillar car which made the trip over the Sahara would be regarded with curiosity. Not at all. It was my regular type car. The novelty of possessing a French car will appeal to Americans, I think. Yesterday is a closed period for Americans, something to be forgotten."

Robert Bateman was a city caller from Litterberry yesterday.

## STATE OF SIEGE AT BRANDENBURG

Brandenburg, June 16.—A stage of siege has been proclaimed here because of fear that disorders may follow the strike of the metal workers. The police today dispersed several demonstrations in one instance they fired a volley in the air before order was restored.

Waukegan, Ill., June 16.—Lakes Zurich today gave up the body of Frank Knitschild, Jr., of Chicago, drowned a week ago while casting when he lost his balance, after divers seeking to earn \$100 reward and 50 charges of dynamite had failed. He was president of Ross and company, printers.

# Michigan Roms Off With Championship In Collegiate Meet

**With Only Seventeen Men Outdistances Her Opponents Scoring 31 Points—Leland Stanford Was Second—Illinois Tied for Sixth Place—Several Records are Broken**

CHICAGO, June 16.—Seventeen men from the University of Michigan nailed the leaders' flag to their masthead today by scooping the championship track and field games of the National Collegiate Athletic association from a fighting array of picked men from sixty-two institutions representing every section of America.

The Wolverine stars with 31 points, far outdistanced the field, often leaving dust in the eyes of competitors with teams twice her size pitted against her.

Leland-Stanford, with another band of seventeen masters, followed Michigan in the scramble for points with 14½, taking second position by a slim margin of half a point.

The University of Iowa and Johns Hopkins tied for third place with 14 markers each. Pennsylvania State college was next with 13½. The University of Illinois and Mississippi A. & M. tied for sixth with 13 each and the University of Southern California was number eight with 12.

Following Chicago in ninth place the teams finished in this order:

Kansas State Aggies, 8½-2; Kansas State, 8; Washash; Notre Dame, 7½-10; Grinnell, 7; Bowdoin, 5; Kansas State Teachers 4½-2; Northwestern, 4½-2; Purdue, 4; Minnesota, 4; Kalamazoo State Normal, 4; Maryland, 4; Wisconsin, 3½-8; Miami University, 3; Texas Aggies, 3; Georgetown, 3; Hamilton, 3; Washington university, 2; New York university, 2½-10; Texas, 2; Y. M. C. A. college, Chicago, 1½-4; University of Washington, 1½-3; Baylor, 1; Nebraska, 1; Detroit, 1-2; Wesleyan, 1-2.

Michigan was officially credited with 31 points, the fraction not being used except to decide places on close scores.

A new world record, and six new marks for the N. C. A. A. games came out of the meet. Walter Brookings, star hurdler of the University of Iowa set a new world record of 23.9 seconds for the 220 yard low hurdles around one turn, bettering his third-year record of 24.2 seconds.

Defiant Hubbard, Michigan's agro point maker set a new record of 25 feet, 2 inches in the broad jump bettering by 13 inches the former best distance made by Legendre of Georgetown in the 1922 meet. The new N. C. A. A. mark is within one inch of the world record of E. O. Goulden of Harvard in 1921, and is a half inch better than the best distance this year in the eastern intercollegiate western conference, Missouri Valley or Drake meets. It is nine and one-half inches better than the eastern collegiate record made by Kraenkelein of the University of Pennsylvania in 1922.

## CARDINALS MOVED INTO FOURTH PLACE

Defeated Boston Three Out of Four—Game Went Twelve Innings

ST. LOUIS, Mo., June 16.—St. Louis moved into fourth place and made it three out of four by defeating Boston today, 3 to 5 in 12 innings.

Southworth hit a slow ball into the right field stands for a homer in the sixth and in the tenth E. Smith hit into the same stands for a four bagger. In the eighth, McCurdy stumbled running a fly and crashed head first into a concrete stand. He was dazed for short while but insisted on continuing in the game.

## PLANO INDIANS LOSE GAME TO LOCALS 6-4

Indees Take Fast Contest in Which Fast Fielding Featured—Only Two Errors Made During Afternoon.

In a game marked by fast fielding, Frank Smith's Indees defeated the Plano Indians in the first of a two game series at South Side park yesterday afternoon by a score of 6 to 4.

The visitors played without a miscue and only two marred the work of the locals, that was an error by Massinkoff which came in the seventh inning on Marlot's blow and Burkery's error on Robinson's blow.

The work of Burkery, Fanning, Kohloff and Wheeler was gilded while for the Indians Marlot, Stockton and Rauschkoib featured.

French worked for the Indees while Crangle was on the rubber for the Indians. Each allowed eight hits. French walked five and Crangle one. French struck out 2 and Crangle 4, while the latter hit two batters.

Massinkoff did good work at the bat and on the bases. The I. S. D. flash got one hit, a walk, one run and stole two bases. He promises to be a valuable leadoff man for the Indees.

Both teams breezed along for three innings without a runner on the bases. Then the Indians panned a run across. But the Indees came right back to be outdone and came right back in their half and scored two.

Both teams went scoreless in the fifth but in the sixth the visitors scored another, knocking the count. The locals in their half of the sixth again took the lead by scoring three runs.

In the seventh each team scored a run and then the Indians got another counter in the ninth but could not get to French for enough to tie.

The locals outguessed the Indians thruout, scoring four of their runs on squeeze plays.

The game this afternoon will start at 2:45 o'clock. Smith will work Big John Wright while the Indians will have Chief Day, their pitching ace, on the mound. The game promises to be another hard fought contest. The score.

## DEMPSEY GETS SECOND \$100,000

GREAT FALLS, Mont., June 16.—The Jack Dempsey-Tommy Gibbons heavyweight championship fight sagging at the knees and ready to collapse was shoved back on its feet tonight with new executives in charge and Jack Kearns, manager of the heavyweight champion, happy with the receipt of a \$100,000 draft, the second installment due Dempsey on his \$500,000 guarantee.

The fight will be staged as scheduled in Shelby, the corner own, before the sun sinks in the west on Fourth of July afternoon.

Payment of the \$100,000 to Kearns was made by George H. Stanton, president of the Stanton Trust & Savings Bank, shortly before 6 o'clock tonight in the offices of the banking institution.

Kearns accepted the money with offers in his pocket to take the match elsewhere but he declared he wanted to go thru with the fight at Shelby at any cost.

LOCAL GOLFERS WILL  
PLAY PROFESSIONALS

Keyword and Wright to Meet Tracey and Lang in Exhibition Match Here Today—Would Organize Tournament Association—Check Evans Interested

Dox Tracey, the professional of the Danville Country club, and Johnny Lang, the professional of Robinson, Ill., will be paired this afternoon on the municipal links against C. J. Wright and Jack Keywood, the local professional. The exhibition match is set for 2 o'clock. The two professionals will arrive here this morning and play a round with some local golfers before lunch.

The links are in splendid shape, the greens being in especially fine condition. The match is consequently expected to be fast, and is probable that there will be some phenomenal plays.

Skilled golfers are brought to the city from time to time from the various clubs in Central Illinois, with the purpose of interesting these clubs in a golf tournament association. Several clubs have already signified their willingness to enter such an organization.

Check Evans, when visiting this city, became attached to the spirit of the local golfers and favored their idea of a central Illinois tournament association. He promised to return here some time in August and aid in putting across such an organization.

## REDS CLEAN UP ON WORLD'S CHAMPS

CINCINNATI, June 16.—The Reds made a clean sweep of the four game series with the champion Giants by winning again today 9 to 1. Nehf was knocked out of the box in the fourth inning, losing his second game of the series, and Watson making his first appearance in a New York uniform, was pounded for six hits and six runs in the fifth. In the Deatherage estate a residence on Caldwell street north of the Wabash railroad was sold to John N. Deatherage for \$934. Both sales were held as the result of partition proceedings.

## Government May Buy Palm Canyon

Announcement has been made that the United States government has entered into negotiations for the purchase of 1,600 acres south of Riverside, Cal., to be converted into a national park. The territory comprised is known as Palm Canyon, a strikingly beautiful natural phenomenon in the heart of desert country. Thousands of stately palms surround a splendid stream of water.

### IN DEFENSE OF SILENCE

A Jacksonville woman who watched Friday's parade with great interest submits the following in defense of many who watched the parade and who although they did not applaud were filled with both awe and admiration:

"With all respect to our beautiful flag I beg to be allowed to say a few words in defense of the silent crowd that watched the wonderful parade Friday afternoon. We as a nation are not demonstrative, but it is not just to give the idea that because we do not loudly cheer and applaud on such occasions as Friday that we do not have the same love for our flag and country that prevails in France or any other nation in the world.

"Many of the spectators were silent from awe. Other faces were sad and eyes filled with tears as they saw men in that parade still suffering from the horrors of war.

"These were the reasons that there was not more cheering and more of noisy demonstration. Many were those who stood silently with heads bared and with tears on their cheeks as that parade went by and I claim that they were 100 per cent Americans and that their tribute was more impressive than would have been true from shouting or applause."

### TO RETURN TO CHICAGO

### MAPS FOR HARD ROAD TO SOUTH RECEIVED

Unless There is Delay in Securing Right of Way, Control Can be Let Soon.

The county board is in receipt of the right of way maps for the construction of hard road five or six miles from Jacksonville toward Woodson. County superintendent of Highways Baldwin said yesterday that just how soon the road will be constructed depends upon the ease of securing right of way.

If there is no delay in the right of way then this stretch of road can be included in the next state letting.

At the job in the road about

one-half mile south of Maple Grove school a little land is to be taken from both the Ashbaker and Carter farms. For the remaining right of way the only land needed will be the narrow strip on either side.

### U. S. W. V. ENCAMPMENT CLOSES SESSIONS

Col. O. C. Smith Elected Department Commander—Names W. A. Westrope of This City Department Adjutant

The twentieth annual encampment of the Department of Illinois U. S. W. V. closed yesterday. The morning was taken up with elections in the order and also in the Auxiliary. There was only one candidate for each of the offices except Commander in the U. S. W. V. but this contest was very close and hard fought. Both P. A. Hoyt of Joliet and O. C. Smith are very popular and there seemed to be a great deal of indecision among the delegates up to the last. Col. Smith being elected, the vote being 99 for Smith and 83 for Hoyt, a great many of the delegates having found it necessary to return home before the final business session.

In the matter of a place for the encampment in 1924 there were no bids for the meeting and it was referred to the incoming administration, although when the question was presented the whole delegation all began to call "Jacksonville" as a matter of appreciation of the treatment received here all being in favor of this as the most enjoyable encampment ever held.

As a result of the election the department headquarters will be in Jacksonville for the next year and this means that all moneys received from the whole state will be kept in Jacksonville banks until disbursement. This not only includes department funds but also a large fund for the benefit of the Soldiers and Sailors Orphans Home. All camps in the state make direct report to Jacksonville and all supplies are furnished from this point. In fact, in every particular the whole control of the activities of the organization will center in Jacksonville for the next year.

In this connection it is well to remember that this city has recently been prominent in the eyes of patriotic organizations. Mrs. Margaret Henry, the retired Department President of the A. U. S. W. V. is the wife of a former Jacksonville soldier. L. T. Henry, Major L. P. Owen who is at present Department Adjutant of the American Legion is a Jacksonville soldier; and Col. O. C. Smith and W. A. Westrope who was appointed Department Adjutant yesterday by Department Commander Smith are both residents of this city at present. In view of the fact that the local camp is very little over one year old it has made a very good showing indeed.

The delegates-at-large to the National Encampment at Chattanooga this year as elected yesterday were: S. W. Cushing, Baldwin Camp 23; Noble F. Baumann, Lincoln Home Camp, 64; James T. Brewington, Jr., Camp Tanner 11; Edward Clements, McKinley Camp 6. Alternates, George W. Ford, 86; James Abell, 6; J. W. Knigsmark, 52; F. J. Marshman, 54.

The other officers elect are: Senior Vice Department Commander—A. L. Ewing, Camp 52, Chicago.

Junior Vice Department Commander—Hayden Ringer, Camp 41, Chicago.

Department Surgeon—Dr. J. N. Goltz, Camp 57, Evanston.

Department Chaplain—Rev. H. W. Jameson, Camp 11, Peoria.

Department Marshal—William Rohan, Camp 6, Chicago.

The foregoing are the elective officers. W. A. Westrope was appointed Department Adjutant to succeed Captain Charles L. Daniels of West, Chicago. The other officers remain to be appointed by the Department Commander Smith.

The Woman's Auxiliary of the U. S. W. V. which has been in session here for the past three days, in connection with the Department Encampment, also elected officers for the ensuing year as follows:

Department President—Lucille Danielson, Ida McKinley, Aux. No. 3, Chicago.

Senior Vice Department President, Julia Hoyt, Odell Aux. No. 33, Joliet.

Junior Vice Department President—Ora McKinney.

Chaplain—Ethel Dixon, No. 19.

Patriotic Instructor—Catherine Muzik, No. 24.

Historian—Margaret McBride, No. 49.

Conductor—Jennie Ross, No. 34, Chicago.

Assistant Conductor—Eva Wilman, No. 14.

Guard—Anna Ottenhausen, No. 45.

Assistant Guard—Amy Barnes, Chicago.

Judge Advocate—Emma M. Couch, Peoria, No. 3.

Musician—Florence H. Brinkman, Chicago, Flora G. Moulton, Aux. No. 1.

The following were appointed members of the council: Rose Kuechler, No. 18, Decatur; Lucinda Hall, No. 36; Carrie Worthington, No. 47; Emelyne Logan, No. 28; Grace Haver, shank, Emma Norris; Florence Jane Brinkman, secretary; Minnie Murphy, treasurer; Helen Reamy, chief of staff.

The retiring president, Mrs. Margaret Henry, of Roscoe C. Gibbons Aux. No. 13, was elected a member of the Orphans' Home Board.

**Resolution Adopted**  
During the morning business session of the Auxiliary the following resolution was adopted:

To the officers and members of the A. U. S. W. V. of Illinois, in convention assembled.

Whereas the A. U. S. W. V. department of Illinois were so courteously received and have been so royally entertained during our stay in Jacksonville, be it resolved that the most sincere thanks of this organization be extended to the mayor and city officials and the citizens and organizations who have so generous-

### PREPARE FOR WOMAN'S COLLEGE CAMPAIGN

Team Captains and Members Named for Solicitation Work—Educational Board Decees Makes Present Campaign Necessary.

The preparations are being made for the Woman's college campaign for \$100,000 to be raised in Jacksonville and vicinity. The campaign executive committee has held several meetings during the past week and teams are being organized for the special period of solicitation which will extend from June 25th to July 3.

It will be necessary to complete the campaign at that time as that was the limit set by the general education board. In this entire campaign of which the Jacksonville activity is a part \$500,000 will be raised for the Woman's college, \$400,000 to be added to the endowment and \$100,000 to be used toward a much needed new building.

Of the total sum of \$500,000 the people of this locality are asked to match \$1 for every \$4 secured from outside sources. The general education board has pledged \$133,333 toward the total and it is understood that this campaign for funds is not the Woman's college making but is in reality a demand from the general education board and unless the conditions are met the college will lose its grade and decline its standard. Assurance that meet the present requirements that there will be no further change in standard for at least 10 years, so that the fund now being raised will comply with the scholastic requirements of the education board.

The local executive committee has been organized with E. E. Crabtree chairman, H. J. Rogers and R. Y. Rowe vice chairman and Albert C. Metcalf, secretary. The members of this committee will have associated with them representatives of the Bi-conference movement, and the whole campaign will be carried forward in a thoroughly business-like way.

### MORGAN COUNTY MAN TO WED IN LITCHFIELD

Marriage of Harold Ryan of Franklin and Miss Loretta Doolin of Litchfield to be solemnized Wednesday Morning.

The marriage of Harold Ryan of Franklin and Miss Loretta Doolin of Litchfield will be solemnized at 9 o'clock Wednesday morning at the Catholic church in Litchfield. Rev. Father Carroll of Litchfield will officiate, and the ceremony will be a simple but very impressive one.

The bride-to-be is a daughter of Mr. and Mrs. Fenton Doolin, well known residents of Litchfield. She received her education in the public schools of her home community, and is one of the popular young women of Litchfield.

Mr. Ryan is a son of Mr. and Mrs. Mike Ryan who reside in the Franklin neighborhood. He has spent his entire life in Morgan county with the exception of the last few years, during which time he has held a position with the American Radiator

Co. in Litchfield. He is a young man of fine character and has the high regard of all who know him.

After a wedding trip of two weeks, Mr. and Mrs. Ryan will begin housekeeping in Litchfield. Their many friends will join in extending best wishes for a happy wedded life.

**DROVE TO MURRAYVILLE**  
Mrs. Julia Hubbard of Virginia drove to Murrayville Saturday, accompanied by Mrs. Elizabeth Jackson and daughter, Mrs. Mary Abbott of Jacksonville. They went to Murrayville to visit Mrs. Jackson's brother, William Clegg, who is seriously ill at his home there. Mr. and Mrs. Edward Gallagher of Woodson were also at the Clegg home Saturday.

**CORRECTION.**  
Recently the Journal made announcement of the engagement of Miss Bertha Leonard to Mr. Houston Proffitt. The announcement was made on the authority of Mr. Proffitt. More recently the Journal has received a letter from Miss Leonard saying that the previous statement was in error and asking that a correction be made. Miss Leonard says that she is merely an acquaintance of Mr. Proffitt.

## GREAT COMMUNITY CONFERENCE TO BE HELD IN SPRINGFIELD

Reason Given That it is the Home of America's Greatest Community Minded Man, Abraham Lincoln—Meeting to be Held Next October—Play Leaders to Gather

SPRINGFIELD, Ill., June 16.—The former home of America's greatest "community minded man" has been selected as the meeting place for America's greatest community conference.

The annual congress of the Playground and Recreation Association of America will be held in Springfield next October, according to joint announcement today by Joseph Lee of New York, president of the Association, and C. E. Jenks, manager of the Springfield Chamber of Commerce. Mr. Jenks has successfully negotiated with the association for the convention, following a survey of the city made recently by T. E. Rivers, manager of the personnel bureau of the organization.

This is the first time a city the size of Springfield has been selected for this meeting, which will draw playground and recreation managers, park officials, play leaders and community music and dramatic leaders from all parts of the United States and Canada. Prior to this time the congress has gone only to larger cities. Last year it was held in Atlantic City, and in previous years it went to Grand Rapids, Michigan, Rochester, N. Y., Richmond, Va., and Washington, D. C.

"We selected Springfield because this is the home of Lincoln and Lincoln was one of the greatest community minded men," said Mr. Lee. "We are striving for the development of the kind of communities Lincoln wanted the country to have. We also want the congress to meet in the capital of Illinois, because this year's meeting voted to hold the 1923 meeting some place in the Central west, and we find Springfield is not only happily located for this purpose, but it has sufficient facilities to entertain the large number of delegates and to take care of the many meetings which will be held during the five days' session."

There will be two sessions a day throughout the convention, and in addition to this there will be sectional meetings covering five divisions of playground work. It will be a "working congress," according to the description given it by Mr. Rivers. Some of the greatest leaders in the playground movement will address the conference. Such subjects as playground equipment, management, administration, finance, organization and play programs will be discussed. It will be a general laboratory for working out plans and a place for the exchange of experiences from 800 to 900 delegates are expected in attendance. Meetings will be held in the Capitol building, the auditorium of the new Centennial building and the state arsenal, and an effort will be made to have the publication of the proceedings.

## COUNTRY'S PAYROLLS SHOW HEAVY LOSSES CONTRASTED TO 1920

NEW YORK—Collapse of the boom reduced the total pay of the boom and salary earners of the United States \$7,292,000,000, according to figures made public by the National Bureau of Economic Research, Inc., of this city.

From the year of prosperity to the year of depression, annual payrolls shrank from \$39,888,000,000 to \$32,596,000,000. These figures are taken from the advance sheets of a report entitled "Employment Hours and Earnings in Prosperity and Depression." In this report the bureau embodies the detailed facts discovered in its study of "Business Cycles and Unemployment," recently completed for President Harding's conference on unemployment.

The figures covering payments for wages and salaries in each industry have been compiled by the bureau for each quarter, thus permitting an examination of the progress of the boom, its culmination and collapse, and the beginning of recovery. They show that total payments for wages and salaries to all employees by all enterprises of whatever size, dropped from \$10,472,000,000 in the third quarter of 1920 (peak of boom) to \$7,743,000,000 in the first quarter of 1922 (trough of depression), or a maximum cyclical decline of 26.1 per cent.

The industries showing the most striking declines in amounts paid to employees were: first, factories making metals, metal products, vehicles and miscellaneous goods; second, steam railways; and third, concerns engaged in the extraction of minerals.

Enterprises reducing public and professional service actually increased their payments to employees. Concerns classified in the hand trades, finance or retail merchandise reduced their total wage bills but slightly.

Although there are numerous exceptions the average employee, when working for the large concern, puts in fewer hours at higher pay an hour, but in return for this extra compensation he sacrifices much of the security of employment which he would have if he worked for a small enterprise.

The average earnings in 1920 of persons who, in that year worked in plants employing over 100 workers, was \$1,544. In 1921, because of unemployment, their earnings had fallen to \$1,112, a loss of \$432. Those persons employed in enterprises having fewer than 21 employees received \$1,121 each in 1920, but in 1921 their earnings had declined to \$1,077, a diminution of \$44. Workers employed in concerns of intermediate size earned on the average of \$1,354 in 1920 and \$1,222 in 1921.

Female employees in general earn about three-fourths as much as males. The business depression of 1921 caused a material decline in rates of pay an hour actually worked only in the fields of agriculture, manufacturing, mining and steam railways.

The average rate of pay an hour in various industries cover a wide range—the highest figure in 1921 being 76 cents an hour in finance, and the lowest rate being 25 cents an hour in agriculture. The average for all industries at the close of 1921 was 51 cents per hour.

## WATER POWER SOUND INVESTMENT

Roger W. Babson Tells How to Get Safety in Placing Funds

SCHENECTADY, N. Y., June 15.—Recent brokerage failures have tended to emphasize once more the continual loss suffered by the investing public. Losses from unsound practices in brokerage concerns can be overcome by proper regulation. Losses from investment in poor securities cease, however, only when the investor becomes more skillful in the selection of his securities. Roger W. Babson says that the investor needs the spirit of service.

"The reason people lose money on many of their investments is due to the fact that they select them with an eye only to possible profits without considering the service rendered," says Mr. Babson. "If you will be sure instead, to put your money where it will render a service, profits will come almost automatically."

Just been visiting the sites of some proposed water power developments in the Adirondacks and water power to me, constitutes the most fascinating field for sound investment. "In New York State alone there is 4,000,000 horse power available which is now going to waste. The development of this idle water power would, in a year, save in coal the equivalent of a train of loaded coal cars extending from the Atlantic to the Pacific and back again. The Panama Canal was ten years in building. During this time the available water power wasted in New York State would have been sufficient, translated into dollars, to have built five Panama Canals. This is figuring a horse power worth \$50.00 a year."

"Someone has figured this waste in the terms of bread and found it equivalent to 4,250,000 loaves of bread a day. Thus, when this waste in one state of New York alone is translated into commodities it is found to be sufficient to supply the bread requirements of that entire state. When you consider that the population of this state is nearly one-tenth the population of the United States, you gain some idea of how enormous this waste is; a waste which needs only capital and government co-operation to develop."

## DR. HOLMES TO WED LATE IN JUNE

Member of Class of 1883 Tells Illinois College Class Mates Why He Could Not Attend Reunion.

Dr. Eugene D. Holmes, who is director of Americanization under the board of education in Albany, N. Y., was a member of the class of 1883 of Illinois college. Dr. Holmes had hoped to attend the reunion of his class during the past week but was unable to do so.

In explanation of his change of plans, Dr. Holmes recently wrote his classmate, William H. Slater, as follows:

The City Hall  
Albany, N. Y.  
June 12, 1923

Dear Slater:— I feel like a slacker to hear that perhaps all of '83 will be on hand for commencement except myself. Why will you insist on having the annual wind-up at the college just when I am head over heels in the work of closing up a year in my work? You should go before the board of trustees and insist of changing the time to fit with my interests. Now get at that job and see that it is done. Well, you are all having a good time. For that I am glad, although I may not be a sharer. Maybe it will come right some time before we all find the end of life.

I have just written Black of my contemplated marriage on June 30th. The event will occur at the home of Dr. A. A. Swayze in Hackensack, N. J., at noon of that day.

You probably know that my wife died five years ago. I have been long in deciding to have a second home; but it seems the right way and certainly a very worthy lady seems willing to help make it. She is Miss May Swayze of N. Y. City, where she has been a teacher. Had the wedding been early enough I might have been able to attend the college commencement and to introduce to her the boys of '83. That would have been a happy climax. But it was evidently not to be.

Shall be glad to have from you a report of how things went and of the round-up of our class. Write me. All best wishes to yourself and all the boys.

Sincerely,  
Eugene D. Holmes.

for the service of man. "Water powers are a comparatively permanent investment. In the case of railroads and even steam power plants, there is a high rate of depreciation. If this depreciation is allowed to continue, the efficiency of operation is greatly reduced. In a water power plant the depreciation is a comparatively small item. Water power plants are almost independent of the fluctuations in the labor and commodity markets. This means that when profitable rates are once fixed by the company or a state commission, the profits are not liable to be absorbed by an increase in either wages or commodity prices. Of course, there are a few other lines of business which offer a similar advantage but they also enjoy this advantage owing to the service which they render.

"There is constantly increasing demand for household electrical appliances, and an increasing number of homes are availing themselves of the conveniences of electricity. Further, more and more factories and mills are being electrically equipped, in place of steam driven. This all means that the use of electricity is constantly increasing. Here is a resource which nature has given us. It needs but capital and legislation to put it to the service of man. By its development and use millions of homes will be brighter and the work of millions of housewives easier. Scores of communities will be cleaner and more healthy as electric power is used in place of coal. Thus, in water powers, invested capital can be of real service, and in the measure that it serves, it will profit."

"Business is still holding up notwithstanding the pessimistic views of certain stock market operators. The Babsonchart shows general activity at one per cent above normal compared with 17 per cent below normal for the same time last year. Whatever may happen next year, business is normal today,—not over-expanded nor depressed. Those who try to render service instead of scalping commissions have nothing to fear."

## PYTHIANS PLEASED WITH HOME CHILDREN

Orchestra From Home at Decatur Gives Concert at Castle Hall—Children Are Given Auto Rides About City

About 125 Pythians and their families and friends were present at Sattle Hall Friday evening to hear the concert given by the orchestra from the Pythian Home in Decatur. After being in the parade in the afternoon, the children were taken for auto rides about the city. They were then entertained at supper, and from 7 to 9 o'clock they played at the hall.

Brief talks were made during the program by John J. Reeve, Rev. W. E. Spoons and J. F. Claus, a former member of the Pythian Home board. Clifton Hatch, superintendent of the home, who accompanied the orchestra on the trip, also made a brief address.

The children and the superintendent left for Decatur on the evening Wabash train. The Pythians of Jacksonville were well pleased with the music of the orchestra and the conduct of the members while in this city.

## SCHOOL TAX STILL IN DISPUTE

In the tax sale publication made recently numerous tracts of land located in Murayville precinct and in township 13-11, were advertised for sale. It can be stated as a matter of public interest that the reason the taxes were not paid is because of pending litigation as to certain township high school rights. No final finding has been made as to the rights of Murayville and Manchester high school districts.

## MISSION TAKES THE BIBLE TO MANY FOREIGN LANDS

Chicago (AP)—The development of a Christian mission enterprise through an "inter-denominational and un-denominational organization" over a period of thirty-six years, is the history of the Christian and Missionary Alliance, as recorded here in the 26th annual council just closed.

The work began in 1887, and today the organization claims active ministrations to 42,000,000 souls in every quarter of the globe. It is one of the largest of the few organizations working in the foreign fields whose program is founded upon a belief in the literal inspiration of the scriptures. The Whole Bible is the motto of the alliance.

The work is carried on through 150 foreign stations and approximately 1,000 workers in America. In distant lands the gospel is delivered in 18 fields and 22 languages. The chief work of the alliance is in South America, China and India. Other spheres of activity are Japan, the Philippine Islands, Porto Rico, Jamaica, Africa and Palestine. In America, the alliance maintains five Bible Schools, the largest of which is at Nyack, N. Y., with an enrollment of 400 students in training for work in foreign lands. In addition, there are throughout the country hundreds of affiliated churches, tract stations, and branches.

## BUILDING CULVERTS FOR WEST ROAD

The W. C. Mennelly Co., which has the contract for the construction of a hard road west of Jacksonville, has men at work building culverts and doing some of the grading. A large amount of cement has already been hauled to storage near the roadway and the assembling of other materials will begin some time during the week. The company is expecting to push the work of construction just as rapidly as possible.

## MAJOR GEORGE W. FORD AN ENCAMPMENT VISITOR

Among the delegates attending the Encampment of the Spanish War Veterans is Major George W. Ford, superintendent of the U. S. National Cemetery at Springfield. Major Ford is a veteran of the Indian Wars, having served 15 years in the 10th U. S. Cavalry, the regiment commanded by the late Gen. B. H. Grierson. During the Spanish War he served as Mayor in the 23rd Kansas Volunteers.

## PLAN TO POPULARIZE AMERICAN LEGION AND GET MORE MEMBERS

Plan Will be Outlined at a Pre-Convention Conference of Commander Schick and His Staff—Will Try to Put Two Posts Where One Now Exists—Schick to Explain

BLOOMINGTON.—A new plan for popularizing the American Legion and getting into its ranks veterans of the world war who are still outside, and who are needed inside in the work of the service the Legion has shouldered will be disclosed to adjutants and commanders of Illinois posts who will gather at state headquarters here. It will be the annual pre-convention conference with Department Commander Charles W. Schick and his staff.

The plan for enlisting a greater number of service men in the Legion has been evolved by "Daddy" Schick and the Department Chaplain, Rev. Father Joseph Lonergan. It is chiefly to organize many new posts and probably to double the number now in existence. That was the department chaplain's idea.

Going a step further and incorporating a plan he has kept in mind for some time, "Daddy" Schick plans to gain the close cooperation and sympathy of all creeds and churches in the state. To this end a committee has been appointed, with a minister as its head. Through commanders of the Legion posts and priests, pastors and rabbis of various congregations in the state, it is planned to obtain a closer and more general co-operation in working out the Legion's program of service which is expected to result in a decided growth in membership.

Department Chaplain Lonergan believes that by putting two posts where one is now, especially in the large towns and cities, a distinctive appeal may be made to a greater number of veterans, where there are two distinct elements in a town, for instance, he proposes that one post is not enough—that there should be two. Where there is a section of town in which a number of veterans are in the same employment, a post for them alone would be formed. Following this scheme, the department commander has suggested that various groups of union men form Legion posts among themselves.

This drive for more members, "Daddy" Schick will explain, is not merely an ambition to gain in members, but that the work of

the Legion has announced, the fight on behalf of disabled veterans and their dependents, the Americanism program, and the prosecution of the war graft cases, may have the support it needs. The conference of the post commanders and adjutants will be held following the meeting of the state executive board of the Legion.

ANTIOCH STUDENTS  
TO GET CHANCE  
TO EARN EXPENSES

Yellow Springs, Ohio.—Plans to make Antioch College largely self-supporting, though the establishment of private industries adjoining the campus, have been assisted by a \$10,000 gift from Mrs. Willard D. Staigt of New York City, it was announced today by President Arthur E. Morgan.

A number of small industries it was explained, will be invited to locate in a plant provided by the college. The labor will be supplied by the students, and expert advisory service will be given by faculty members teaching courses in administration, the

college to have a share in the profits.

Mrs. Straigt believes that Antioch is taking a promising step toward solution of the increasing problem of educational finance. "The new Antioch curriculum," in her opinion, "is meeting the national need of training executives, by combining cultural studies with courses in business administration, and by the character-forming process of alternating such study with actual work, paid employment in appropriate occupations. The graduates of Antioch will be both self-made and college-bred."

Mrs. Fred Mollenbrock and baby who have been visiting in the city have gone to their home in Des Moines, Iowa.

GREAT COMMUNITY  
CONFERENCE TO BE  
HELD IN SPRINGFIELD

(Continued from page Nine.)

He attend and take part in the de-  
velopers.

Delegates to the congress will occupy the pulpits of local churches the Sunday preceding the meeting in order to spread the gospel of organized play.

The Playground and Recreation Association of America was organized about 17 years ago "to secure wholesome play and recreation opportunity for young and old, to help cities and small communities establish year round recreation systems and to make the spare time of America count for citizenship."

The Association employs a staff of prominent field secretaries who help communities organize and develop playground and recreation work. These field secretaries are efficiency engineers. They go into communities at the request of some responsible community group to organize the play facilities for communities. Then not only create play centers but they develop those that are already established.

There are now 505 cities maintaining playgrounds with play leadership. 464 of these having been established in the 17 years since the founding of the association. More than \$9,000,000 was spent by localities for play in 1922 according to the association officials.

Among the things the association does in its community service is to establish playgrounds, gymnasiums, parks, church clubs, neighborhood recreation centers, community centers, rest rooms, summer camps, athletics and outdoor sports, vacation lot play, social activities, hospitality clubs, community drama, pageantry, community music, art exhibits, public discussions, forums, educational classes, study clubs, games, dancing and social gatherings.

PORK MOST POPULAR  
OF MEATS IN AMERICA

Washington.—Pork and lard are two of the largest items in the food supply of the American people. The average annual per capita consumption for the last five years was 67.3 pounds of pork and 12.5 pounds of lard, as compared with 60.9 pounds of beef. In several recent years, the consumption of pork alone has exceeded that of all other meats combined.

A study of the hog production industry included in the 1922 yearbook of the Department of Agriculture shows that among the farm animals hogs are exceeded in numbers only by cattle and in value only by cattle and horses. They are produced on three-fourths of the farms of the country and represent over ten per cent of the value of the nation's agricultural production.

Nearly two-thirds of the commercial production of pork is in the corn belt. The amount of corn marketed in the form of hogs varies annually from 30 to 40 per cent of the entire crop. Pork exports represent about 20 per cent of the country's agricultural exports, and have held a higher place in foreign trade ever since colonial days. In 1790, the first year for which data are available, there was exported approximately 6,000,000 pounds of pork and pork products.

Only 3.5 per cent of the hogs on American farms are registered pure bred and about three-fourths of the total are raised for the market. Cholera is still the most important disease among hogs and takes the highest toll. In 1922 more than 2,700,000 hogs died of the disease, causing a financial loss of approximately \$28,000,000.

Mr. and Mrs. Robert Paterson and daughter Elspeth have returned from a visit to St. Louis where they attended the graduating exercises of the Missouri School of Social Economy which is the Social Service Department of Missouri State University. GOOD THINGS FOR EVERY BODY

THE following is a good standard recipe for tomato sauce:

Mince fine a slice of salt pork, cut one-eighth of an inch thick. Fry until light brown in color, then add one small onion finely-minced and a tablespoonful each of carrot, turnip and sweet pepper; brown lightly in the fat. Now add one and one-half quarts of tomatoes, if fresh, unpeeled; two cloves, and sprig of parsley and celery, and half a bay leaf. Simmer covered one hour, stirring occasionally. Rub all that will go through the colander and thicken with a tablespoonful each of butter and flour cooked together. Serve hot.

Tomato Soup.—Place one sweet pepper, one onion, one carrot and one turnip, all minced fine, in a saucepan. Add a sprig of parsley, one of celery, one leaf of cabbage, two cloves, two quarts of tomatoes and simmer one hour, stirring often. Add salt and pepper to season, two teaspoonfuls of sugar—more if needed—strain through a colander and thicken with a tablespoonful each of butter and flour. This may be prepared in this manner when tomatoes are plentiful in the fall, canned, and the soup will be always ready.

Macaroni for Luncheon.—Cook three-fourths of a cupful of macaroni broken until tender. Drain, rinse in cold water and drain well. Melt three tablespoonfuls of butter; cook in this a slice each of onion and carrot, then remove the vegetables, add two tablespoonfuls of flour, a little salt and a dash of pepper, one-half cupful each of beef broth and tomato puree, and cook until smooth and thickened. Add the macaroni to the sauce with one-half cupful of grated cheese. Cover and let stand over hot water. Serve very hot. Half a cupful of chopped ham or other cooked meat with or without the cheese may be added.

## Diamond Grove Memorial Mausoleum

We are pleased to call your attention to the colored perspective of the new and larger Diamond Grove Memorial, which is on display in the window of the Coover Drug Company, a double corridor building with a spacious chapel and of pure Gothic architecture.

Let us explain that by the Better Way, Diamond Grove Memorial will be incorporated under the state cemetery act and thus becomes absolutely permanent as a corporation, for by the provisions of that act the corporation so formed may never be dissolved. From the crypt owners, five, six or seven trustees are appointed and these trustees in turn appoint their President, Secretary and Treasurer. The Treasurer of the Board of Trustees handles the endowment fund, for the safe keeping of which he gives a bond in accordance with the cemetery act.

The subscribers receive deeds for the space owned by them. With an endowment of thousands of dollars, the income of which is ever at the disposal of the officers, absolute security to owners of space is assured.

Take reasonable cognizance of the above facts and let us enroll you along with the hundreds who have already subscribed for space in Diamond Grove Memorial. It is—

Local People Receive Announcement of His Marriage to Miss Mildred Weber on June 13—Couple Will Reside in Los Angeles

Claude Vall, 607 North Diamond street, has received an announcement of the recent marriage of Ernest Rockwell Frost, formerly of this city, to Miss Mildred Weber of Mount Vernon. The wedding took place in that city on June 13. Mr. and Mrs. Frost will be at home in Los Angeles, Cal., after July 15.

The groom is the son of Dr. L. A. Frost, who was at one time employed on the staff at the Jacksonville State hospital. His mother recently disposed of her property in this city and moved to Los Angeles. Mr. Frost is attending a school of osteopathy in that city.

The bride will be remembered as a member of the staff at the local public library in 1920. She was associated with Miss Lydia M. Barrette, who was librarian at that time. Other friends of Mr. and Mrs. Frost in this city have

also received announcement of the marriage.

**Popular Book Review**

"The Man Who Knew Too Much," by G. K. Chesterton as reviewed by Anne Wakely Jackson.

In this new book entitled "The Man Who Knew Too Much," Gilbert K. Chesterton has given us something different in the way of a detective story and a new variety of criminologist. It is not one story, but a series of crime in all of which a new style Sherlock Holmes, one Horne Fisher, and his young associate, Harold March, journalist and social student, have their part. In each case Horne Fisher, the super-detective, who "knows too much," unravels the mystery and discovers the criminal; but in no case is the latter brought to justice by process of law or by the usual human agencies.

Those who know Mr. Chesterton's style naturally look for plenty of paradox in any book of his, and paradox is here in full measure in these stories, which will furnish more than mere thrills to one who reads between the lines. For there is a very definite political philosophy expounded in this book.

Chesterton is always worth reading for his whimsically and paradox. One reads him with amusement and is surprised to find on reflection how much of real seriousness underlies his apparent boisterous and trivial utterances. However much he may seem to be fooling or may make you think he is only seeking to entertain, he conceals a serious meaning somewhere he intends to make you think and he generally succeeds.

This book we are considering affords plenty of excitement and also throws much light upon affairs in the great world of politics. In each case of crime Horne Fisher had all the evidence in his hands, but he dare not bring the culprit to justice to do so would cause too much havoc, would wreck too many lives. He "knew too much" of the political tangle in which the so-called "great" were enmeshed and realized what exposure would mean to the innocent as well as the guilty.

You may borrow this book from The Public Library.

**POWER**

is absolutely necessary to make a machine run. If something prevents a machine from getting sufficient power, it cannot do its work properly.

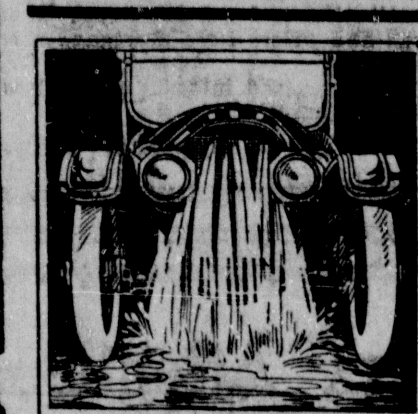

The human machine gets its life power from the brain, from which it is dispatched through the spinal cord over the nervous system to every cell in the body. If the lungs, heart, stomach, kidneys, liver, etc., or any part is weak or not working right, something somewhere is cutting off some of the power.

IN MOST CASES THIS POWER IS WEAK BECAUSE OF PRESSURE ON A NERVE WHERE IT LEAVES THE SPINE.

## Forceful Facts Concerning the Interests of Former Soldiers, Sailors and Marines

Twenty thousand Catholic soldiers of the American army lost their lives in the World War.

General John J. Pershing has two titles. He is General of the Armies and Chief of Staff.

"Goh," a nickname given to the American sailor, is derived from the Chinese word meaning "sailor."

The U. S. Government has paid \$3,429,016,556 in service pensions to Civil and Spanish-American War veterans.

The theological graduating class at Wittenburg College, Springfield, Ohio, is composed entirely of veterans of the World War.

The appropriation bill for \$55,000,000 for the Illinois soldier bonus, recently signed by the Governor, has now become a law.

Moody Staten, a negro, who held the rank of captain in the American army in France during the World War, is to assume command of the army of Liberia.

The South Dakota department of the American Legion now stands in first place nationally in the percentage of paid-up membership for state departments of 10,000 or above.

The Sojourners' club in Washington, D. C., is an organization of Masons who are active or retired officers of the army, navy, Marine Corps, Coast Guard, or Public Health Service.

A soldier of the French colonial army must have six pairs of good teeth directly opposite one another on the upper and lower gums. The teeth must include two pairs of molars or premolars, and two pairs of front or canine teeth.

The authorized war decorations of the United States are: Army—Medal of Honor, Distinguished Service Cross, Distinguished Service Medal, Oak-leaf Cluster and Citation Star. Navy—Medal of Honor, Navy Cross and Distinguished Service Medal.

Drum Major Walter H. Thomas, of Somerville, Mass., is the oldest man in the National Guard. He recently re-enlisted at the age of 73. Thomas served during the Civil War when Sheridan made his famous midnight ride to Winchester.

At the end of the World War, Great Britain had vast quantities of war stores, estimated to be worth \$50,000,000. These stores embrace lands and factories, tanks, needles, railways, arm-chairs, plows, beds, horses, battleships and thousands of other items.

A summer of military training activities made public at the War Department, shows that 252,167 officers and enlisted men of the Regulars, National Guard and Organized reserves and members of the Civilian Military Training Corps will be given instruction.

War games of the American fleet in the winter of 1925 will be staged off Hawaii, with the attacking squadrons swooping down from Alaska. With the use of the new battle cruisers, submarines, airplanes and Zeppelin-type airships in the maneuvers, the spectacle will present the most thrilling of its kind ever held.

"Jerry" Melfi, a former private in the American army during the World War, now living in Falto, Italy, is restricted by immigration laws of the United States from returning to this country because Italy's quota of immigrants is filled. The War Department has awarded "Jerry" the Distinguished Service Medal, and the decoration will be forwarded to the American consul near the hero's home and be presented to him there.

As a memorial to his only son, who died in the World War, J. F. Barnett has erected a monument of an American soldier on his farm near Rutledge, in Scotland county, Mo. The inscription at the base of the statue is: "We gave all the child we had and it broke our hearts. What did you give?" Having no relatives, Barnett has made a will leaving his 200 acre farm, his blooded livestock and all his worldly possessions to the cause of patriotism.

Each grave of an American soldier buried in Europe, 30,471 in all, will be marked by a white marble headstone of simple design, upon which will be inscribed the full name of the soldier, his rank, regiment, division and State from which he came. In a circle two and one-quarter inches in diameter, near the top, will be cut a Latin cross, emblematic of the Christian faith, or the Star of David, emblematic of the Jewish faith, as the case may be.

## ONEFOURSEVENEIGHT ONE FOUR SEVEN EIGHT

Which of the above two lines is easier to read?  
The second, because each number stands out by itself clearly and distinctly.

If, when calling a telephone number you run the digits of the number together, it is difficult for the operator to understand you; thus the possibility of your getting the wrong number is increased.

Always separate the digits of the number and enunciate clearly.  
Telephone operators are taught to repeat numbers as follows:

- "0" to be spoken as "OH"—with a long O.
- "1" to be spoken as "WUN"—with a strong N.
- "2" to be spoken as "TOO"—with a strong T and long OO.
- "3" to be spoken as "TH-R-R-REE"—with a slightly rolling R and long E.
- "4" to be spoken as "FO-ER"—with a long O.
- "5" to be spoken as "FIVE"—with a long I and strong V.
- "6" to be spoken as "SIX"—with a strong X.
- "7" to be spoken as "SEV-EN"—two syllables.
- "8" to be spoken as "ATE"—with a long A and a strong T.
- "9" to be spoken as "NIEN"—one syllable with strong N on the end.

## BRUNSWICK Tires and Tubes

There are no secrets or patents to prevent the building of a super-tire.

Expert knowledge and skilled labor the available. The makers of the world are open to all who can buy.

For seventy-five years the "House of Brunswick" has stood at the forefront in every line in which it has been engaged.

The Brunswick creed has always been "to pay perfection's price and make a super article" to make the best first and consider the cost afterwards.

Which accounts for the hearty reception accorded Brunswick Tires and Tubes by the motoring public.

Brunswick Tires and Tubes are a revelation in every way worthy of the confidence which motorist place in them.

You don't have to experiment with the Brunswick Tire. We've done that for you. And one Brunswick will convince you that no better tire is possible regardless of price.

Buy one. Try it. Keep its record. Then decide if you ever knew its equal.

FARM BUREAU NOTES

Pig Feeding Contest

Thirty-eight boys and girls are now enrolled in this contest. Chapin, Woodson, Ebenezer, Clark, Chapel, Orleans and Sinclair are represented by local groups. Sinclair leads with an enrollment of 13.

Chemical Sprays for Weeds

Plants belonging to the mustard family yield most readily to these sprays. Prof. Bolle at the North Dakota Agricultural college was controlling dandelions on the lawns of that institution the last account given us. Copper sulfate, iron sulfate, and common salt are all used.

Open House at the College of Agriculture

An invitation is extended to the farmers of the state to visit the experiment station plots, fields, and barns on June 28, 29, and 30. It will be convenient to leave here the morning of June 28, take the I. A. A. picnic at Urbana June 29, and return the morning of June 30. The roads are good. The trip can be made in easy stages in six hours.

Lasting  
Satisfaction  
in the  
Hup-

Satisfaction is perhaps the one word which best describes the feeling of every Hupmobile owner.

Satisfaction—with the faithful way it performs the tasks he sets for it to do; with the fact that it requires next to nothing in the way of expert care and adjustment; with low costs that stay low all the year 'round.

Satisfaction, in short, because the Hupmobile always does the things he wants it to do in the way he wants it to do them.

VAULT BEING ERECTED

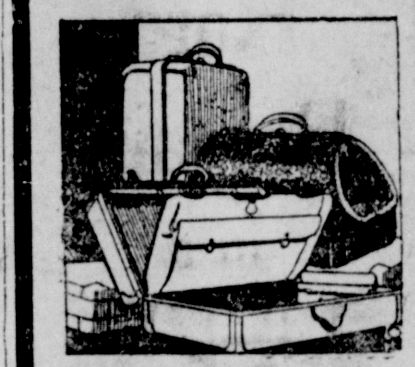

The outer shell of the big steel vault that will be in the new Elliott State bank is now being erected. The shell is of large steel beams that are hoisted up with a crane and then riveted together. The vault will occupy a good deal of space in the building, which will be literally built around it. The structure looks to be about 20 feet high.

We invite all users of PREST-O-LITE Batteries to call for free inspection and service. ILLINOIS TIRE & BATTERY CO., 315 West State St., Service Department, 314 W. Morgan St.

Great Nerve-Power  
Comes from Blood-Power!  
S.S.S. gives you both

The Nerve-Power that conquers, that keeps men young, that pulls them up to success, that makes Brain-Power clear and quick, comes from Blood-Power. It is the secret of strength!

The world has made human doormats out of thousands of fine men. Has the world got you on your knees? Has it sapped your muscle.

Strong, healthy men have clean, rich blood.

Your courage, your brain-power, your ambition, your health, your back-fighting strength? Or do you care? Are you looking for a way up and out? Do you know that the nerve-power that conquers everything was born in a blood-cell? Do you know that an increase in the number of red-cells in your blood brings a tremendous increase in size, strength and health? You don't have to have pimples to prove that your blood is weak. It years.

Mr. Joe Gudgel, Pittsburg, Kansas, writes: "A friend advised me to take S. S. S., and after taking seven bottles, I feel like a man 40 years my junior, and I will be 86 my next birthday, having served with the Union army through the Civil War, and I also was with Custer in the Indian wars."

you are exhausted after exertion, if you feel overworked, if your brain is cloudy, if your "pep" is about gone, if your muscles are growing flabby, if your speech lacks force and memory plays tricks on you, if you prefer to be alone and silent, if your skin is sallow, your eyes dull, if hollows show in your cheeks—there is one thing that always lifts you up and out into a new world of force, energy and success. That is blood-power! Blood-power builds nerve-power! S. S. S. is a tremendous builder of blood-power. It helps to build blood-cells by the million. It means more nerve-power. It means a stronger body, a clearer brain, firmer muscles, richer blood. A clearer skin, brighter eyes, more energy behind everything you do! After all, it is a simple, yet a wonderful thing. S. S. S., the great blood-cleanser, will do it. It cleanses the system of rheumatic poisons, pimples, eczema and skin eruptions. It is the body-builder without a peer. It contains only pure vegetable medicinal ingredients. Try it. S. S. S. is sold at all drug stores in two sizes. The larger size is the more economical. S. S. S. has been used and appreciated by millions for 50 years.

S.S.S. makes you feel like yourself again

THE MOST BEAUTIFUL CAR IN AMERICA PAIGE

Built as Beauty Deserves  
Superb Workmanship—Fine Performance—Long Life

How all your youthful instincts draw you to the Paige 4-passenger Phaeton! The trim lines, with a hint of dash, mark its fine breeding. You will always be proud of it. In sheer performance it will exceed your fondest dreams. Steering ease for the frailest hand. So gentle the Paige clutch that stalling or jerking never occurs.

Restful body positions with low-set seats and ample foot room make comfortable riding. Rear springs more than 5 feet long laugh at rough roads. No thought here of fatigue. Compartments and pockets provide space for traveling accessories—2 lock-equipped "cubby-holes" safely carry valued articles. And for long tours—a folding rack in the rear accommodates heavy luggage.

The Paige 70 H.P. motor performs eagerly at 2 miles an hour or 70, throttle-controlled. Rare, indeed, is your need for gear shifting. Motor life is increased and its youthful vigor retained, by the Paige high-pressure oiling system.

Bodies, too, are soundly built. No body squeaks or rattles mar the performance of your Paige—double strips of patent leather keep metal from touching metal or wood. Substantial finishing—not a piece of imitation leather in your Paige.

For years you can confidently expect the Paige to retain its fine performance, silence, comfort.

Paige is the only manufacturer of finest quality cars with a tremendous volume in smaller cars the size and price of the Paige-built Jewett. This enormous volume reduces Paige overhead by hundreds of dollars on each Paige car—your saving when you buy your Paige.

## PRICE MOVEMENTS IN STOCKS INDECISIVE

**FINANCIAL.**  
Day's total sales 468,000  
shares.  
Twenty industrials averaged  
94.73; net loss 13.  
High 1923 — 105.38; low  
92.77.  
Twenty railroads averaged  
82.48; net loss 17.  
High 1923 — 90.63; low  
80.13.  
Total sales (par value)  
\$6,442,000.

**NEW YORK, June 16.**—In-  
decisive price movements charac-  
terized the trading in today's  
stock market, the duller session  
in many months. Failure of a  
stock exchange house heavily in-  
terested in oil promotions caused  
some scattered liquidation of  
those shares and was held respon-  
sible in part for the recent weak-  
ness of oil misuses have been  
adversely affected by the over-  
production of California crude oil.

One of the most interesting de-  
velopments was the application  
of the New York Central railroad  
to the interstate commerce com-  
mission for permission to issue  
\$109,000,000 additional common  
stock, the proceeds to retire a  
debt of 20 year 6 per cent debenture  
bonds of similar amount.  
This action was farcical in the di-  
rectors' statement following the  
placing of the stock of a 7 bonds  
on Wednesday but it was not ex-  
pected so soon. News of the ap-  
plication was made public after  
the market the stock closing at  
103 off 1.

Trading in other rails was slug-  
gish, fractional declines being the  
rule.  
The weekly clearing house  
statement showed decreases of  
\$1,316,000 in loans, discounts,  
and investments, \$2,477,000 in  
cash in own vaults \$35,813,000  
in the reserve of members in the  
federal reserve bank and \$8,304,  
000 in time deposits. Net depos-  
its increased \$43,742,000. Ag-  
gregate reserve totalled \$529,901,  
000 leaving excess reserve of  
\$24,366,530 as against a deficit  
in reserve of \$5,822,920 a week  
ago.

Some improvement was noted  
in today's transactions in the bond  
market, particularly the active  
United States government issues  
which moved up from 1-32 to  
5-32 of a point.

## BEGIN HARD ROAD WORK IN GREENE COUNTY

Work on Grading for State Road Thru Apple Creek Bottom Begins—Other News From White Hall and Greene County

White Hall, June 15.—Work on the grading for the state road through Apple Creek bottom began today with the arrival and the location of lines has been in progress since Wednesday. The present bridge will be moved to a new location to the east to correspond with the main road that runs straight south through Belton.

Mayor H. W. Roodhouse was in Carrollton Wednesday and Thursday on road matters, and appeared before the board of supervisors in behalf of the proposition to obtain use of the present bridge over Seminary creek near White Hall, when it is abandoned for the new state road. The board of supervisors consented to it being used at the L. C. Vineyard place, and this will permit the reopening of the road along the south limits of White Hall leading west from Main street, which has been abandoned for a generation. Mayor Roodhouse was accompanied to Carrollton by J. H. Piper and R. B. Pearce, the latter appearing before the supervisors in the interest of soldier memorial work in Greene county, and following his remarks the sum of \$150.00 was promptly appropriated for the purpose of issuing a pamphlet of information concerning the Revolutionary soldiers buried in Greene county for distribution in connection with the dedication of the government Revolutionary headstones at White Hall on July 4th.

W. C. Baker received a telegram Thursday, stating that E. J. Lane had received bruises and several broken ribs as the result of the collapse of an airplane at Shelby, Mont., as the plane was starting on a flight in the interest of ticket sales for the Dempsey-Gibbons fight. Subsequent details from Lewistown, Mont., home of Mr. Lane, assures the aged mother, Mrs. D. M. Henderson, that the accident is not serious.

Dr. C. F. Sherwin was up from St. Louis Thursday to perform an operation in Walton hospital on the daughter of Mr. and Mrs. Elmer Hudson, aged 7 years, for the removal of tonsils, and another operation of minor character on Raymond Livingston, aged 15 years, son of Mr. and Mrs. R. L. Livingston. Both operations were performed in Walton hospital.

H. A. Trask, representing the St. Louis Post-Dispatch, writes: Greene county is to be congratulated on its fine program for the Fourth of July, and we sincerely wish we could co-operate with you in making it the success that it deserves. The communication was in connection with plans for broadcasting the address of Chief Justice Floyd E. Thompson in dedication of the memorial to the Revolutionary veterans buried in Greene county, now twelve in number. Mr. Trask explains the difficulty of installing in Gregory park a special Amplification panel for the microphone circuit. There are but two of these panels in St. Louis, and both are permanently located in the municipal theatre and in the Missouri theatre. These panels are only built to order, and cost about \$3,500 each. These matters give an idea of the widespread importance of the White Hall event.

Gordon Burton, wanted at Peoria in connection with the robbery of a Santa Fe freight train, has been apprehended at Saginaw, Mich., and returned to Peoria. The robbery occurred near Grandall, Ill., April 11th, when alcohol in value about \$35.00 was stolen by a gang of some ten men, who held the train crew up at the point of guns, detaining the train some two hours and thirty minutes. Burton lived in the country near White Hall when a child, and has been in and out of here at intervals since. His bond was fixed at \$5,000. His capture is said to complete the roundup of the entire gang.

H. B. Baker, writing from Topeka, Kansas, speaks of the interest in the White Hall observance on the part of T. A. McNeill of the Topeka Daily Capital, known for his writings on "When Kansas was Young," and also by William E. Connolly, secretary of the Kansas Historical Society, both of whom expressed doubt that there is a single Revolutionary soldier buried in Kansas soil. Mr. Baker adds: "They gave me quite a talk as to the necessity of all sons registering in the veteran societies, as the time is coming when the good white stock of our ancestors will again be called to handle the affairs of our good nation instead of allowing European scum to control it."

W. A. Guthrie, who resides in the extreme northern part of Calhoun county, was a Thursday guest of Justice E. L. Wendell. He states that the fruit prospects in Calhoun county are excellent, and this gives the county a good outlook, as apples constitute the main crop. Much of the crop is expected to be handled by rail over the extension of the C. and A., to a point opposite Hardin. The work of bridging is delayed the completion of the line, but the work is being pushed with the view of catching the apple crop this year.

The quarterly community forum in Princess theatre Sunday night will have for consideration three phases of democracy. "The Democracy in Politics" will be handled by Rollins L. Scott, county superintendent of schools, Carrollton; "Democracy in In-

dustry," D. H. Wells, city superintendent of schools, and "Democracy in Religion," Rev. L. E. Ellison. The K. of P. band will furnish music, and the program will be arranged as to not consume more than an hour and a half at the greatest.
